YOUR DREAM @ YOUR BUDGET

MBBS in Philippines vs Other Countries

Philippines

Other Countries

★ Mode of teaching - English
Also the Philippines is an English speaking country similar to the way India has English as its official language.

For countries like Russia & Germany, students would have to learn their local language to study. Indian students find it difficult in classrooms to understand the accents of native English speaking countries like the UK & Australia.

★ The Philippines has a tropical climate similar to India. Easy for our Indian students to settle in.
★ The disease patterns are the same as in India due to similar weather conditions. It'll be easy for Indian medical students to transition to work in India after they graduate.

Indian students find it really difficult to acclimate themselves to cold countries like UK & Russia. The disease patterns are vastly different for the UK, Russia, Australia, USA & other countries that medical courses to Indian students. Makes it difficult for them to adapt to Indian working conditions later.

★ US based syllabus - Makes it easier for students to clear USML exam to get work permits and high paying jobs in the USA & other countries.

Students with European / Russian based medical syllabus are said to find it difficult to crack the USML exam.

★ Low cost of living in the Philippines helps anyone to pursue their dream course of MBBS.

High cost of living in the UK, Russia & Australia costs more than Indian parents can afford.

Why study in Philippines

The Philippines, the picturesque of peace-loving, relaxed people, has always placed a great deal of importance on education. Its impressive 93% literacy rate is a testament to that. Its educational institutions, which follow the US system of education, have a high academic caliber-particularly the University of Visayas, of which UV Gulla College of Medicine is a part of, has a legacy of 100 years in education, academic & research excellence.

Philippines government prohibits any kind of donation or capitation fees. Developing some of the best universities of South - East Asia and offering their courses at affordable prices has made the Philippines an ideal destination for students from world-over.

“ Philippines feels closer to how we lived back home in India. Interacting with people is easier and everyone is helpful here. My Indian seniors here are like mentors to me. ”

- Krithik

English Speaking Country

Philippines is the 3rd Largest English speaking country in the world. More than 95% of its population speaks English, which is its official language. 2000+ foreign students to Philippines each year for education in Engineering, Medical, Dental, Nursing, Shipping etc.,

Cost of Living

Philippines is one of the top 5 Cheapest Countries to live in Asia. The living cost in the Philippines is very less compared to other countries along with there is very mere difference in Philippines currency and Indian currency that makes the Philippines more affordable.

Tropical Climate

The Philippines has a tropical climate similar to India. It helps students settle in no time. The similar climate patterns mean similar disease patterns. Doctors trained in the Philippines find it easier to transition to India when they start working compared to doctors trained in countries like Russia & UK.

About

UNIVERSITY OF VISAYAS

The University of the Visayas was initially opened as The Visayan Institute. The Visayan Institute was created in 1919. It saw the second world war and even though it got razed, Don Vicente reopened the Visayas Institute in 1946.

In 1948, the Visayas Institute formally was awarded the University status and was renamed the University of the Visayas. Since then, the expansion in its baccalaureate and post graduate course offerings and its physical facilities has been phenomenal.

“The World is a book and those who do not travel read only a page”

In Cebu City, Philippines, this is the first University. From an initial intake of just 37 students, today Visayas boasts of more than 35,000 students with a strong alumni in the Government service and public administration having created foremost professionals in the fields of law, engineering, architecture, pharmacy, medicine, nursing, education, criminology, maritime, nautical studies, computer, sports and arts.

The Campuses

There are 9 campuses for University of Visayas with the main campus in Cebu City and the other campuses in Banilad, Miganilla, Toledo, Pardo, Mandaue, Danao, Dalaguete and Compostela. The Range of Academics covered under Visayas varies from College of Nursing, College of Medicine, College of Dentistry, College of Pharmacy, College of Criminal Justice Education, College of Computer Science, College of Engineering and Architecture, College of Business Administration, College of Education, College of Art & Science, College of Vocational Education & College of Tertiary Education. There is also a campus set aside exclusively for as a Center for Research and Development.

Our Vision

Our vision is to shape the future by shaping the lives of students and their careers. Visayas Education believes the true spirit of studying abroad is more about learning practically and enhancing different life skills like interpersonal skills, personality development, language skills, etc., to become the leaders of tomorrow. We are committed to guide & train Indian students in all the right ways to bring out the best in them and to help them shine in the global academic environment & career market.

Our Mission

Visayas Education aims to facilitate Indian students the opportunity to study abroad in reputed institutions in the courses of their choice. Using our excellent network & team of professionals, we aim to provide continued assistance to our students pursuing their course in various foreign countries as their parents have entrusted us to take care of their children. Our mission is to work with an ever-increasing sense of passion, integrity & teamwork to help 1000s of students fulfill their dreams every year.

Why

Gullas College Of Medicine

No Capitation or Donation

No Capitation or Donation is Required – Parents in India end up paying huge donations and capitation fees excluding the yearly fees. Wherein the Top Medical Schools in Philippines do not accept any donations and capitation fees. They give equal rights to all students.

No Entrance test

No Entrance test is required for Admission and students just need 50% in Physics, Chemistry and Biology. Even IELTS or TOEFL is not required.

Lowest cost of Living

Extremely low cost of living – The average monthly expense of a child would vary between just 100 to 200 USD per month, including all overhead expenses.

Best Infra structure

Next to Best, in the World in Infrastructure.

English taught programmes

English taught programmes – the total number of dialects in Philippines amounts to 187 in number of which 136 of them are still active. However, the major most popular medium of communication is English.

Just Pass in NEET

Less Dependence on NEET Rank

International Exposure

Opportunity to get International Exposure – Students will get the chance to meet the students coming from different countries, ethnicity, and background, and they get easy entry into countries like the USA, UK, Australia etc.,

Our Services Are Our Promises

The reputation of Visayas Education was earned by commitment & consistent efforts at not just finding quality courses at global institutions but also in making it easy for the students and their parents to choose to process to travel and to pursue their dream course. We understand all kinds of difficulties faced by our students & their dream course. We understand all kinds of difficulties faced by our students & their families when choosing to study abroad. That is why our eructation has pioneered the full range of support systems for our students.

Counseling & Admission

We help with document checking/editing, entrance exams, coaching classes, interview preparations and all other kinds of support you need for admission.

Visa & Loan Assistance

we help you with loan options. VISA process will be guided completely from start to end.

Travel & Accommodation

Air tickets and other arrangements are taken care of by Visaya Education. We also provide dedicated separate hostels for Indian boys and girls on the campus.

Post Departure Services

Our counselors visit the overseas campus periodically to check with the well being of the students. We even sometimes help carry and deliver the stuff they'd need from back home.

Abirami

“ I spent more than one year after my +2, writing NEET exam and waiting for MBBS admission opportunities in India. When I was looking for study abroad options. Visayas Education was referred to me. Tru to their reputation as a trusted MBBS educational consultant, they helped me choose the right university.
